PRESCRIPTION REFILL POLICY

Non-Controlled Medications:

Please contact your pharmacy to have them initiate the request at least 72-hours prior to needing your prescription refilled. Once we receive their request, we will respond within one (1) business day. If you have not heard from your pharmacy or our office within two (2) business days, please call our office at (541) 758-0766 to check on the status of your refill. There is a chance we may not have received the request from the pharmacy.

Controlled Medications:

ALL controlled medications MUST be refilled in an office visit with your primary care provider. If you are needing a refill, please call our office to schedule an appointment.

New / Temporary Medications:

ALL new and/or temporary medications (i.e., antibiotics) MUST be discussed and filled in an office visit with your primary care provider. If you are wanting a new or temporary prescription, please contact our office to schedule an appointment.
